ANALOGUE PORTABLE

VZ-30

- Cost effective radio communication for both basic and intermediate users
- Simple, reliable and easy to use
- VHF, UHF, 32 channels

VX-260 Series

- Features and performance combined for efficiency, reliability and interoperability
- Enhanced audio output and expanded signalling interoperability
- VHF, UHF, Display (128 channels, 6 programmable buttons), Non-display (16 channels, 2 programmable buttons)

Mid Tier

ANALOGUE PORTABLE

VX-450 Series

- Industrial grade with expanded safety applications designed for heavy duty use
- Maximises worker uptime thanks to convenient built-in features
- Waterproof IP57
- VHF, 300MHz, UHF, UHF2
- Display/full keypad (512 channels, 9 programmable buttons), Display (512 channels, 7 programmable buttons), Non-display (32 channels, 3 programmable buttons)

eVerge™ DIGITAL PORTABLE

EVX-261

- Simple DMR Tier II features
- Supports analogue and digital operation for easy migration
- VHF, UHF, UHF2, Non-display (16 channels, 2 programmable buttons)

EVX-S24

- Smallest, lightest DMR Tier II digital radio in Vertex Standard portfolio
- Water Submersible and Dust Proof IP67
- UHF, 3W digital output, 2W analogue output,
- Display (256 channels, 4 programmable buttons)
